George and Bob both go on solo fishing trips to a beautiful, but remote town every summer. While enjoying the idyllic scenery, they both notice chest pains — **they are both having heart attacks!**

WHAT HAPPENS NEXT? ...

- They call 9-1-1 and are admitted to the local hospital

- Medical evacuation to a facility that is able to properly treat their condition

- Travel assistance to bring a loved one to their bedside

- Transportation home after stabilization with a nurse escort to monitor their condition

- A driver to drive their vehicle back home since they are unable to drive

DON'T BE BOB. ENROLL TODAY.

Emergency Assistance Plus® (EA+®) is an emergency medical transportation service that goes beyond health and travel insurance. It covers expenses for emergency medical evacuation, medical assistance services, assistance for companions, and transportation home – services that your insurance usually does NOT pay for. You must call EA+ during your emergency so EA+ can make the arrangements for you.
